AnimalFriends | [ThinkingOutsideTheCage.org](http://ThinkingOutsideTheCage.org)

Animal Friends will hold their annual low-cost Vaccine Clinic on Sunday, July 8, 2018, from 11:00AM to 1:00 PM at the Penn Hills Public Works building, 6600 Leechburg Road, Verona, PA 15147. This is a cash only clinic.

All residents of Penn Hills as well as non-residents are encouraged to bring their pets, both cats and dogs, to be vaccinated and microchipped. Please bring paperwork indicating prior vaccinations and/or alteration surgery (spay/neuter).

We ask that cats be in carriers and dogs be on leash. For safety reasons, non-retractable leashes are preferred. You are still welcome to attend our clinic if you use a retractable leash, we ask that you short-leash your dog.
