Issued: February 7, 2020

Penn Hills Municipality is seeking sealed bids for police car equipment and its installation on four (4) vehicles. Bid specs are available at [www.pennhills.org](http://www.pennhills.org) and at 102 Duff Road, Pittsburgh PA 15235.

Sealed bids will be accepted until 10:00AM on Friday, March 6, 2020. Sealed bids must be mailed to Municipality of Penn Hills, c/o Police Car Project, 102 Duff Road, Pittsburgh PA 15235 or hand delivered.

Bids will be opened and read aloud on Friday, March 6, 2020 at 10:00AM at Penn Hills Municipal Building, 102 Duff Road, Pittsburgh PA 15235.

Attachment (1): Bid Specifications

## PENN HILLS P.D. 2020 FORD INTERCEPTOR SUV UPFITTING

We will be upfitting four new vehicles, cars 05, 33, 36, & 37. Cars 33, 36, & 37 are all marked patrol vehicles and will be upfitted the same. Car 05 is a marked supervisor vehicle and will be the same as the patrol units except that it does not have or need a prisoner transport system or partitions. Transportation for all cars (upfitting and/or repairs) is the responsibility of the installer. Please include labor warranty information.

Also, Car 36 is a replacement for a wrecked car that has already been stripped out. All of the components are in our garage.

Any item not being transferred from an existing car can be left in except for the light bars and associated controllers. These must be removed and we will use them for parts and/or sell.

Any components, such as the o.e. rear seats, removed from the new cars are to be returned to us.

Any items marked Purchase are to be provided by the vendor

\*Purchase & Install new Setina prisoner transport system (replacement seat, & front & rear partitions) Item Numbers; PK0355ITU20 & QK0635ITU20

\*Transfer Watch Guard Video system from existing cars (No rear seat camera in 05)

\*Purchase & Install new Havis center console w/ computer mount for Panasonic Toughbook, armrest, cup holder, charging ports. Item Numbers; C-VS-1012-INUT, C-CUP2-I, C-ARM-108, C-USB-2, C-MD112. Computer cradle will be transferred from existing car.

\*Transfer & Install Lind power converters for computer power supply

\*Transfer police radio, antenna, cable from existing car

\*Transfer front gun mount from existing car

\*Install new Federal Signal light bar & Controller (Provided by us)

\*Purchase & Install 100 watt Siren Speaker

\*Purchase, Transfer & Install any other exterior lighting from existing car (front grille, rear window, red/blue four corner, wig-wags) Headlight & Tail Light Flasher, Vertex Split Red Blue – Front Headlights

\*Purchase, Install Wiring & Fuses & Havis Charge Guard as needed for installation in all vehicles
